|--|--|

**ORDER GRANTING EXTENSION OF TIME**

(Issued March 22, 2004)

On February 5, 2004, the Utilities Board (Board) directed its staff to send a letter to 29 electric municipal and cooperative utilities informing them of their non-compliance with 199 IAC 15.17(6), which required them to file information-only tariffs for their voluntary alternate energy purchase programs by January 1, 2004. The 29 utilities were directed to file their information tariffs, or request an extension, within 30 days. As of March 9, 2004, all of the utilities had responded to the letter; 20 of the utilities filed information-only tariffs and nine requested an extension of time.

The Board will grant the extension of time. The nine utilities will be required to file their information-only tariffs and customer notifications related to the voluntary alternate energy purchase programs on or before June 1, 2004.

**IT IS THEREFORE ORDERED:**

Fonda Municipal Electric, City of Lawler, Long Grove Municipal Electric, Paton Municipal Utilities, City of Renwick, Story City Municipal Electric Utility, Wall Lake Municipal Utilities, City of West Liberty, and City of Woolstock are granted until

June 1, 2004, to file their information-only tariffs and customer notifications related to the voluntary alternate energy purchase programs.
